Dr. Atlas,

Just a note to let you know that even though Deidrea was a challenging patient, we had a great experience working with you! Sedating her, was definitely the way to go. We couldn't have treated her without it.

We were impressed with your knowledge and especially with your sense of humor. You made a tough situation easier. Diedrea was very happy... I'm sure she was glad it was over with!

Our office would definitely call on your services if the situation arises as well as highly recommend you to all of our colleagues.

Sincerely,

Dr. Anthony J. Orrico & staff
